📄 ESG Scoring App: How to use and how we measure

1. Introduction

ESG (Environmental, Social, Governance) refers to a set of standards used to measure a company's impact on society and the environment, as well as how transparent and accountable it is.

Measuring ESG matters for transparency, investor confidence, regulatory compliance, and long-term sustainability.

This guide aligns with the EU ESG themes and sub-criteria to ensure consistency and auditability.

2. Detailed Scoring Guide

🌱 Environment (25%)

Sub-Criterion	How to Score	How to Measure / Collect Data
Energy Consumption	0 = No tracking; 50 = Internal monitoring; 75 = Reduction targets; 100 = Public disclosure + renewables plan	Review internal energy reports, sustainability reports, utility bills, renewable energy contracts
GHG Emissions	0 = No data; 50 = Scope 1 only; 75 = Scope 1+2 + partial 3; 100 = Full scope + CDP/GRI alignment	Carbon inventory, emissions reports, external disclosures, CDP submissions
Circular Economy	0 = No initiatives; 50 = Informal recycling; 75 = Reuse programs; 100 = Closed-loop KPIs	Internal waste management programs, material sourcing records, circularity KPIs
Pollution Management	0 = No policies; 50 = Waste sorting; 75 = Monitored controls; 100 = Certified controls (ISO 14001)	Environmental audits, waste logs, ISO certificates, spill reports

| Biodiversity & Ecosystems | 0 = Ignored; 50 = Risk review; 75 = Conservation actions; 100 = Biodiversity plans or partnerships | Environmental impact assessments, conservation project documentation |

👥 Social (30%)

Sub-Criterion	How to Score	How to Measure / Collect Data
Worker Rights & Safety	0 = No controls; 50 = HR policies; 75 = Safety audits; 100 = Certifications (SA8000, ISO 45001)	Safety audits, injury reports, certifications, HR policies
DEI	0 = No strategy; 50 = Policy; 75 = Data tracking; 100 = KPIs + board involvement	HR diversity reports, training logs, board meeting minutes
Labor Rights in Supply Chain	0 = Not assessed; 50 = Code shared; 75 = Risk due diligence; 100 = Audits + grievance systems	Supplier codes, audit reports, due diligence documentation
Community Engagement	0 = None; 50 = Donations; 75 = Engagement strategy; 100 = Measured impact	CSR reports, donation records, impact assessments
Consumer Welfare & Privacy	0 = No protections; 50 = Privacy policy; 75 = GDPR program; 100 = Independent audits	Privacy policies, GDPR compliance reports, audit results

⚖️ Governance (25%)

Sub-Criterion	How to Score	How to Measure / Collect Data
Anti-Corruption & Ethics	0 = No code; 50 = Policy; 75 = Training; 100 = ISO 37001 + hotline	Ethics policy documents, training logs, certification
Board Diversity & Oversight	0 = No diversity; 50 = Some representation; 75 = Policy + mapping; 100 = >30% diverse + oversight	Board composition reports, diversity statements

Executive Pay Transparency	0 = No disclosure; 50 = Disclosed; 75 = ESG bonuses; 100 = Transparent & linked to ESG	Executive compensation reports, proxy statements
Data Protection & Cybersecurity	0 = No program; 50 = Policy; 75 = GDPR + DPO; 100 = Breach protocol + audits	Security policies, GDPR compliance, certifications
Lobbying & Political Activity Disclosure	0 = Hidden; 50 = Mention; 75 = Public policy listed; 100 = Full disclosure + ethical charter	Lobbying reports, ethical charters

🔗 Supply Chain & Procurement (20%)

Sub-Criterion	How to Score	How to Measure / Collect Data
Supplier Code of Conduct	0 = None; 50 = Shared; 75 = Mandatory; 100 = ESG clauses + tracking	Supplier contracts, audit reports
Supplier Risk Assessment	0 = None; 50 = Basic map; 75 = Ongoing reviews; 100 = Data-driven risk indices	Risk maps, review reports
Audits & Monitoring	0 = None; 50 = Self-assessments; 75 = Sample audits; 100 = Systematic audits + remediation	Audit reports, supplier scorecards
Sustainable Sourcing	0 = Cost only; 50 = Soft factor; 75 = Weighted criteria; 100 = Mandatory certification	Procurement policies, sourcing records
Conflict Minerals & Traceability	0 = None; 50 = Statement; 75 = Traceability system; 100 = Full tracking + disclosures	Traceability reports, certifications

3. Final Notes

- Use the History tab to review all your previous ESG score submissions after logging in.
- Submit new ESG scores through the ESG Form — each submission will automatically be saved to your history.
- To remove a score, simply press the Delete button next to the entry you wish to delete.
- Ensure that each score includes accurate data and documentation for transparency and audit readiness.
